

The Christian Broadcaster

WOCB, Wxcb, WGCT, WQIZ | October 2021

New Transmitter for Columbus

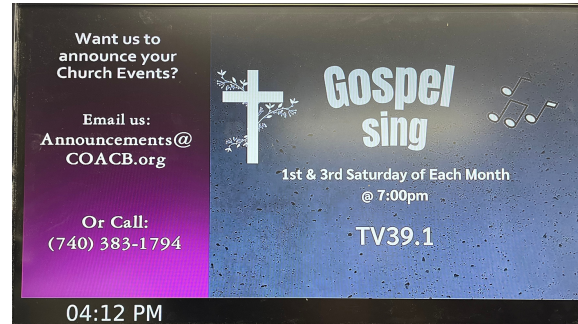

We are proud to announce that phase 2 of our plans to increase the power in Columbus is done and in the books. We swapped out our transmitters for WGCT and are now operating at 646 watts. This is the maximum power that we can safely go without swapping antennas. Plans are underway to acquire another antenna to increase our power even more. Praise God!

Good Old Days on 39.8

There is something new on our line-up. We created a new channel called **Good Old Days** on our 39.8 channel. We highlight the golden age of television with programs from the 50s and 60s. You will see tons of westerns, comedies, and programs that many of us grew up watching. If you are not seeing this channel, scan for new channels on your television! This channel is only available over the air with an antenna.

COACB Radio on 39.7

We have something new that you might want to hear on our 39.7 Channel. We like to call it **COACB Radio**. We are playing a custom mix of southern Gospel music and highlighting many of the local artists in the area. You will hear everything from the Gaithers and the Isaacs to Kevin Spencer and Annette Johnson. We are proud to be able to provide you with this broadcast streaming radio station.

We also added graphics on the screen to tell of upcoming events in the area. If your church has an event coming up, just drop us a line and let us know. Email us an event flier with the details to announcements@coacb.org. All church event announcements are **FREE** to announce. Yes, you read that right -- **FREE!** We ask for 5 business days to get the ad ready and added to the rotation of announcements.

If you have a different type of announcement, like wishing happy birthday, car for sale, or business advertisement, we are asking for \$10 per week for the ad to be on our stations. If you have any questions, please call the station or email announcements@coacb.org.

Upcoming Events
